

SSL COLLECTOR SWEEPER - HYDRAULIC DRIVE (SB HOPPER BROOM & COLD PLANER SPECIAL)

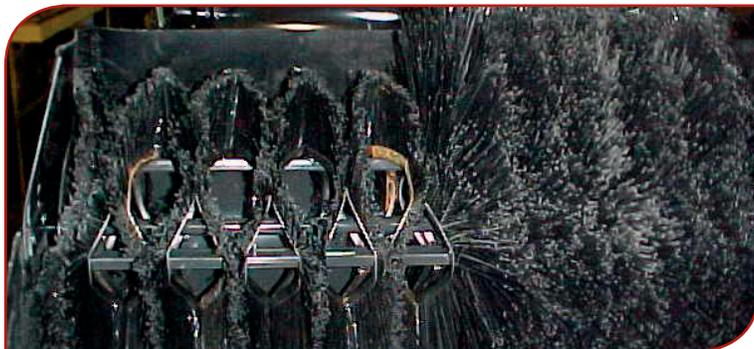

For Skid Steer Loaders

Sweepster's SSL Collector Sweeper - Hydraulic Drive (SB Hopper Broom & Cold Planer Special), by Paladin, handles light and heavy-duty clean-up in construction, municipal and industrial applications. Features bi-directional brooms that sweep forward to pick up dirt and can reverse to sweep in tight areas. Direct-drive bush motors eliminate chains and sprockets.

The Cold Planer Special is specially designed to clear heavy millings from cold planer operations. Material is quickly and efficiently collected into the hopper for optimal production and clean-up.

- The head lock-down design positions brushes for digging into cold planer cut, clearing millings in a single pass
- Two motor configurations allow you to match motor to fleet hydraulic system capabilities
- High brush density is optimized for clearing heavy millings
