

PALLET FORKS

For Skid Steer Loaders

Bradco Pallet Forks, by Paladin, feature heavy duty frames designed to handle 4,000 - 6,200 lb. capacities depending on tine option.

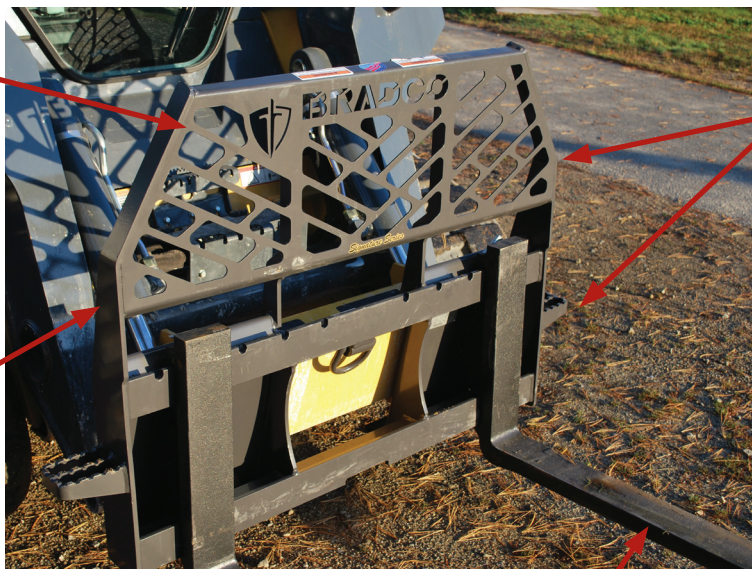

- New lever style locks provide additional leverage when operating the tine latching mechanism
- The patented pull "D" ring or lead retention tie down can be used to pull loads out of trucks, retain loads, and much more. *US Patent # 6,881,023*
- Excellent see through visibility allows the operator to see tine ends
