- Double-wall, 10-gauge steel drum housing, capable of handling the pounding of chipping and shredding heavy material.
- Hinged housing provides easy access to drum for changing knives.
- The Chipping Rotor is 18" diameter, $\frac{3}{4}$ " machined, steel plate—weighs 115 lbs.
- Up to 5" diameter limbs and branches.
- Hopper cover on shredder restricts material kick-back for maximum safety.
- Folding safety door on hopper keeps operator away from chipper knives, and prevents material kick-back when closed.

Designed for proper feeding height—great when handling hardwood limbs up to 5" diameter.

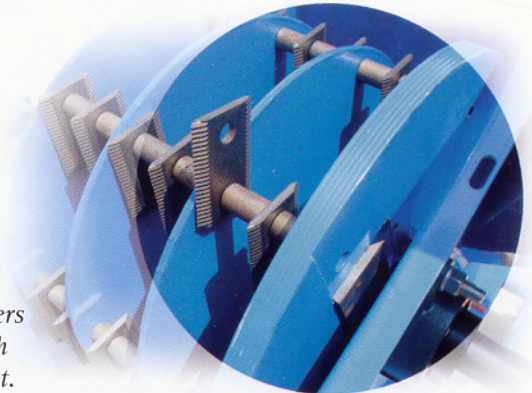

PTO powered model (without optional blower attachment) requires 18 to 30 HP tractor with 540 RPM PTO.

Heavy Duty rotor with free-swinging reversible, shredder blades, is easily accessible.

18 HP Honda engine powers trailer mounted model with optional blower attachment.

SPECIFICATIONS

Shredder Hopper Size	34" x 21"
Chipper Plate	18" dia. 3/4" machined and balanced steel plate
Chipper Capacity	5" maximum diameter material
Shredder	36 free-swinging serrated knives
Chipper Knives	4 knives honed from tool steel
Chipper Chute	33"L x 13"W x 12"H
Shredder Capacity	1" to 1 1/4" maximum diameter material recommended
Chip Sizing Grate	1 1/2" grate is standard, (1/2", 3/4", and leaf bar optional)

Approximate Shipping Weight

Gas 940 lbs..

PTO 560 lbs..

Power Requirements

Gas 18 hp Honda engine

PTO 540 PTO at 18 hp to 30 hp*

Optional Equipment

Blower Attachment with Directional Spout

* warranty may be void if used on tractors over 35 hp
