

SPREADERS

Three Point Hitch Models

Sitrex three point hitch spreaders are available with steel or poly hoppers in several different sizes. They have strong tubular steel frames, reliable Comer gearboxes, and easy to use operator controls.

- ⇒ Category I three point hitch
- ⇒ Stainless steel dosing discs
- ⇒ Center, right, or left side distribution
- ⇒ Independent shut-off lever
- ⇒ Multi-position gate opening
- ⇒ Optional wheel type agitator
- ⇒ Optional shield to restrict spread width

Model No:	Hopper Type	Hopper Capacity (Approximate)	Maximum Loading Capacity
