# 800 SERIES

**Brown 800 Series Hydraulic Brush Cutters are engineered to give you years of dependable service and performance.**

Brown 800 Series Hydraulic Brush Cutters are designed as rugged machines that can handle heavy brush cutting and shredding. This machine is tough enough to cut heavy brush and trees up to six inches in diameter. The robust construction and balanced blade carrier keeps vibration to a minimum and the closed rear maximizes mulching of the material. The cutter comes in a 5' or 6' cutting widths. These cutters are equipped with reversible blades, powered by a high torque direct drive piston motor and bearing housing. We offer flows of 20-27 gpm or 35-47 gpm. These brush cutters require case drains.

- The 800 Series Brush Cutter is covered with one year limited warranty. Blades and hoses are wear items.

<b>Model Specifications</b>				
<b>Model</b>		<b>Brown 815</b>	<b>Brown 816</b>	<b>Brown 826</b>
<b>Weight</b>		1500 Lbs.	1995 Lbs.	2025 Lbs.
