

X-treme Fork Grapple

Our X-treme Fork Grapple is ideal for use on the farm, in logging operations and by general contractors. The top tine is adjustable for small or large loads and the hydraulic cylinder gives you plenty of clamping force. Our fork tines are completely heat treated from the tip to the heel and made in the U.S.A.

- Heat treated American made forks
- Adjustable top tine to handle any size load
- 2" x 12" cylinder
